

CONTENTS

RESEARCH PAPER

1. Field efficacy of some systemic insecticides and microbial pesticides (modules) against aphid, *Aphis gossypii* glover and fruit borer, *Helicoverpa armigera* (hubner) on tomato in Punjab
Sandeep Kaur and Subash Singh 1-6
2. Soil-site suitability evaluation for sesame in calcareous soils of girnar toposequence in southern Saurashtra region of Gujarat
Gopal Gandhi, S. G. Savalia and H. P. Verma 7-11
3. Effect of integrated nutrient management on productivity of groundnut (*Arachis hypogaea* L.) in arid western Rajasthan
Bajrang Lal Ola, B. L. Pareek, P. S. Rathore and Amit Kumawat 13-15
4. Efficacy and persistence of essential oils and formic acid against *Varroa* mite, *Varroa destructor* in *Apis mellifera* linn. colonies
Vimla Goswami, M. S. Khan and Poonam Srivastava 17-19
5. Productivity and nutrient concentration of fenugreek (*Trigonella foenumgraecum* L.) influenced by different RSE waters and zinc fertilization
R. K. Jakhar, B. L. Yadav and Amit Kumawat 21-23
6. Efficacy of some insecticides and botanicals against sucking pests on capsicum under net house
Sandeep Kaur and Subash Singh 25-29
7. Genetic variability, heritability and genetic advance in coriander
Y. K. Meena, B. J. Jadhao and V. S. Kale 31-33
8. Efficacy of chemicals and bioagents against foliar and root rot disease of safed musali (*Chlorophytum borivilianum*) *in vitro*
R. W. Ingle, Saket Shende, V. V. Deshmukh and M. S. Joshi 35-38
9. Effect of land lay out and depth of irrigation on safflower (*Carthamus tinctorius* L.) in Marathwada region of Maharashtra
V. K. Meena and A. S. Karel 39-43
10. Effect of cultivars and weed management on growth and yield of groundnut (*Arachis hypogaea* L.)
Rajendra Gochar, R.S. Yadav, Ajeet Singh, Banshee Lal and Rahul Chopra 45-47
11. Yield and nutrient uptake of mungbean [*Vigna radiata* (L.) Wilczek] influenced by phosphorus and sulphur
J. P. Prajapati, R. P. Singh, Santosh Kumar, I. K. Kushwaha and P. K. Yadav 49-51
12. Influence of K- solubilizing bacteria on release of potassium from waste mica
O. P. Meena, B. R. Maurya and V. S. Meena 53-56
13. Effect of bioagents on aerial diseases of cumin 57-60

S. K. Pipliwal, K. B. Jadeja, and J. D. Talaviya

14. Effect of *biofertilizers* and NP levels on growth parameters of greengram under custard apple based agri-horti system
Ajeet Singh, V. K. Srivastava, R. S. Meena Surendra Kumar and Sushil Kumar 61-63
15. Effect of nitrogen levels and appropriate weed control practices in wheat (*Triticum aestivum* L.)
Brijendra Koli, J. C. Patel and B. S. Patel 65-67
16. Soil-site suitability evaluation for cotton in girnar toposequence of southern Saurashtra region of Gujarat
Gopal Gandhi, S. G. Savalia and Kiran Hingonia 69-73
17. Distribution of DTPA-extractable micronutrients in *inceptisol* of baloda block in Janjgir district of Chhattisgarh
G. K. Jatav, Ku. Reena, R. K. Bhagat and S. K. Meena 75-78
18. Effect of vermicompost and *biofertilizers* on yield and soil nutrient status after harvest of cowpea [*Vigna unguiculata* (L.) W.]
V. M. Khan, K. S. Manohar, S. K. Kumawat and H. P. Verma 79-81
19. Effect of drying methods on nutritional composition of dehydrated bitter gourd (*Momordica charantia* L.) rings
Uadal Singh and V. R. Sagar 83-86
20. Profitability and suitability of fertilizers in maize under Saurashtra agro-climatic zone
B. Pal, D. S. Hirpara, K. N. Akbari and H. P. Verma 87-88
21. Mechanizing agriculture in hills of Himachal Pradesh, India: A Review
D. K. Vatsa 89-93
22. Statistical and probability analysis of rainfall for crop planning in a canal command
P. K. Mishra, Deepak Khare, Arun Mondal, Sananda Kundu and Rituraj Shukla 95-102
23. Status and rational use of rock phosphate in agricultural crop production *A Review*
M. L. Dotaniya K. K. Pingoliya, H. M. Meena and Dasharath Prasad 103-108
24. Agricultural inputs and service delivery systems in India *A Review*
Shoji Lal Bairwa, Lokesh Kumar Meena, Kerobim Lakra and Suresh Bairwa 109-112
25. Breeding for resistance to tomato yellow leaf curl virus (tylcv)/tomato leaf curl virus (tolcv) *A Review*
M. K. Agnihotri, R. K. Gothwal, N. Moraniya, Rannpal Singh, Sankar Verma 113-117
